Will Rogers Remarks:

BURBANK, Sept. 7.

To The Editor of The Times:] The good people of Dakota offered to give Calvin a farm if he would live on it. I wouldn't advise you to give those people too much credit for generosity. There is not a farmer in any State in the West that wouldn't be glad to give him a farm if he will paint it, fix up the fences and keep up the series of mortgages that are on it. And if you think Coolidge ain't smart, you just watch him not take it.

Yours, Congressman at Large,

WILL ROGERS. P. S. That wasn't a philanthropist that made him that offer; that was some comedian.

Loss of Three on Old Glory Brings Toll of Atlantic to Thirteen, While Pacific Claims Seven in Year

NEW YORK, Sept. 7, (Exclusive)—If the crew of the monoplan Glory, Lloyd Bertaud, James Hill and Philip Payne, have perished, the of victims of trans-Atlantic flying this year has been increased to the Before the Old Glory started on the global persons—seven men and a woman—had gone but over the sead in ships and not returned, and two United States naval officers were killed while preparing for a challenge to the ocean. Capt. Baint Roman and Commander Mouneyres hopped off May 8 from St. Louis, Senegal, for Pernambuco, Brazil, and were lost in the South Atlantic. Three days later Capt. Charles Nungesser and Francois Coli left Paris to fly to New York. They were never heard of definitely after heading out to sea. There are no more fatalities recorded until August, when the St. Raphael, giant Fokker plane, left Upavon, Eng., to fly to Ottawa, Can., with Frincess Lowenstein-Wertheim, Capt. Hamilton and Col. Minchin aboard. The plane was cheered on its way by Iriah fisherfolk and not heard from again. Paul Redfern flew away from Brunswick, Ga., bound for Rio de Janeiro and never reached his destination, although unconfirmed reports have been received of him. Two lives were snuffed out in preparation for trans-Atlantic flights. Lieutenant Commander Noei Davis and Lieut. Stanton H. Wooster met death at Messick, Va., while testing their plane, the American Legion. In addition, seven lives, six men and one woman, have been lost in trans-Pacific flying. Two of them were in a plane backed by George Hearst, son of William Randolph Hearst, who backed the Old Glory.

LONDON, Sept. 7. (P)—Miss Mabel Boll. the American girl who pleaded unavailingly with Charles A. Levine and Capt. Walter Hincholiffe to take her with them on their projected trans-Atlantic flight in the airplane-Columbia, announced today that she was going to get a chance to fly back to England from the United States. Miss Boll said that arrangements had been completed for her to fly with Hincheliffe on the return journey of the Columbia from New York to London. Mr. Levine was present when Miss Boll made this statement. Miss Boll is leaving for America a week from Saturday.

Babies Supreme at Beauty Fete

ATLANTIC CITY (N. J.) Sept. 7.

(P)—Atlantic City's annual beauty show opened today with the numerous entrants for the title of "Miss America" for 1927 on hand, but the big event of the day was the pageant of more than 1000 bables.

In the parade of youngsters were one set of triplets and eleven sets of twins. SACRAMENTO, Sept. 7. (P)—Helen L. Blanchard of Stockton, is Callfornia's champion speller. She won the title by surviving three spelling contests held as features of the State fair. Jennis G. Miller of Linden, is second best.

The contest opened yesterday and when twenty-two out of 300 contestants turned in perfect papers, the directors were baffled. They could not afford to give each one a prise so a second examination was set for this morning.

Today, however, so many of the twenty-two turned in perfect sheets that a third test was necessary. Each time the words became more difficult and finally Miss Blanchard was the only one passing with a 100 per cent grade.

The words which proved a stum-

It strikes infants and youth alike, one baby victim of 16 months dying today and also a youth 19 years of age. None of the schools has been opened since the end of the summer holidays and 15,000 children will be kept away until the middle of the month, at least. Theaters are all closed and children under 16 have been forbidden to attend Sunday-schools, picnics, churches, swimming pools, theaters or public gatherings. The malady has been spreading in the community for the past two months and conferences of medical men have been unable to arrest it.

Cases have been reported from towns and villages in Northern Alberta and the disease is still spreading. One baby, winner of a baby show at the annual exhibition of Edmonton and declared 100 per cent perfect, contracted the disease and died. Many families are sending their children away, others are sending their children in their own backyards.

Secretary of the second of the

NEW SORK, Sept. 7. (P)—Lloyd conceived a Bertaud, who flashed Old Glory's tartling SOS call to an anxious world from the North Atlantic, owes his facility at the radio largely to startling SOS call to an anxious world from the North Atlantic, owe his facility at the radio largely to his young wife. Spurred by the thought that "you never can tell what is going to happen on a flight across the sea." Mrs. Bertaud spent hours in helping her husband mater the intricacies of the dot-and-dash method of communication.

In June, when it appeared that Bertaud would accompany Clasence Chamberlin on the transoceanic flight of the Columbia, Mrs. Bertaud, fearful of the hazards of the Atlantic, kept after him to learn radio broadcasting from a plane.

Night after night, while the Bertauds were living at a hotel in Garden City, L. I., they spent hours learning the continuental code on an automatic sounder. The figer saw little importance in it all but submitted to his lessons. Mrs. Bertaud what is going to happen on a flight across the sea."

ARIZONA FEARS SPENDING ORGY

Millions Available for Work on Highways

Tax Rate Soars 26 Cents Since Last Year

Delinquencies in Counti Total \$4,000,000

PHOENIX, Sept. 7. (Exclusive)—To has been determined that a record will be broken this fiscal year in expenditures for Arizona State government. Entirely outside of the special expenditures for highways, the Giate administration, elected on an economy platferm, will have the spending of 56,754,000 for purely state purposes, with nearly \$6,000,000 to be raised by direct taxation. This will entail a State tax rate of 50 cents on each \$100 of assessed valuation, a rise of 25 cents since 1926. This condition is despite an increase of about \$20,000,000 in property valuation, to a total of \$673,000,000, the highest known since 1921, when the producing mines were charged with their large profits of that time.

SEEK BACK TAXES PHOENIX, Sept. 7. (Exclusive)-

and has received a handsome gold watch as earlier expression of apprecision of against deed. He was a worker at the Lake Pleasant dam, a giant structure cross the Agus Frié River, northwest of Phoenix. Walter King, a carpenter, had fallen into sixty feet of water, had been rendered unconscious by striking his head against a timber said had been taken under by the weight of a sack of nails. Garcia, at the top of the 184-foot dam, jumped to the reseuc. He slid to the end of a fifteenfoot rope, dropped as much more to a scaffolding and them slid the rest of the way down the sharply sloping wall, burning the shoes from his feet. He dived to the rescue and brought King to the surface, then, joined by A. C. Mottenson, who had come down the same perilous path. King will

CRASH CAUSES STRANGE DEATH MESA (Ariz.) Sept. 7. (Exclusive—William Etherington, a substantia handler farmer, has died of some hing skin to shell shock. A car heas driving collided with a secon driving collided with a second driving driv was not scratched, was being driven home when he said. "I am going blind." Five minutes later he was dead. He was 53 years of age, was rebust and had no history of heart trouble.

Eureka Radio Plant Dropped

WARMINGTON, Sept. 7. (#)—Seven-teen radio stations were dropped from the roll of the Federal Ratio Com-mission today, either by their own request or for failure to apply for renewal of their licenses. The list includes Stations RFIO, I. M. Miller, Yakims, Wash; KFWH, F. Wellington Morse, Eureka, Cal.

JOINT USE OF TRACK OFFERED BY RAILWAY

PORTLAND ENTRY PROVISION TO BE MADE IF FUSION GETS APPROVAL

PORTLAND (Or.) Sept. 7. (P) Of-fer of facilities for entry into Port-land by the Chicago, Milwaubse and

ler of lacinities for entry into Portland by the Chicago, Milwaukse and St. Paul Railway over tracks of the Spokane, Portland and Stattle from Spokane, was made in a statement issued today by W. F. Turner, president of the Spokane, Portland and Seattle, following a conference with Charles Donnelly, president of the Northern Pacific.

The Great Northern, part owner of the Spokane, Portland and Seattle, through President Budd, also authorised President Turner to extend the Joint use of tracks of the S.P.S.

The joint use by the Milwaukee of the Hill line tracks is to be offered on reasonable terms if the plan of unitying the Northern Pacific and Great Northern is approved. Action in granting this joint use is in answer to charges made by President Syram of the Milwaukee, here recently, that if the Hill lines are permitted to complete the merger they are planning, the Milwaukee will be barred from entering Portland.

BOTTOM TO TOP IN 45 YEARS

NEW YORK, Sept. 7. (A)—It took him forty-five years to make the grade, but today Charles G. Black, who entered the employ of the Standard Oil Company at the age of 14 and whose first job was making wire handles for case, is president of the Standard Oil Company of New Jersey, a recently formed \$500,000,000 operating subsidiary of the Standard Oil Company (New Jersey.)

Announcement of Black's promotion is made in connection with the revamping of the Standard Oil Company (New Jersey.) Two large operating subsidiaries have now been formed and a shird is considered likely.

BOLIVIA CHARGES RED PLOT

Secret Records Declared to Show Moscow's Hand in Bold Subversive Conspiracy

LA PAZ (Bolivia) Sept. 7. (P)—The Third International at Moscow is charged by the Bolivian government with attempting to organise a revolution here with the object of setting up a Communist regime.

One of the documents, marked-Bloous in London, hesdquarters of the "very secret" assertedly signed by M. Russian Trade Delegation and of Arcaiting, secretary of the Third Internation. The British authorities auton. The British authorities also are than the commercial trans-

arin, instructed Martines as follows:

"On your arrival there (in Bolivia)
you will begin the work of arganisation of Communism and piace yourself and all your energies and efforts
in the service of a Communist revolution which will carry to the rule of
workers and farmers."

The putative instructions directed
Martines to open a Business house
under cover of which the revolutions
ary work would be carried on the
"which will be the general staff of the
government and serve as the medium
of communication with our agents in

PHILADELPHIA, Sept. 7. (P)-The eded draw in the girls' national nais championship torrnament at

t, 6-1.
Virginis Rice, Bosfon, and the Fage, Philadelphia, created a biggest upset of the tournament, when they defeated Minne at Sarah Paifrey, Boston, the frending champions, in the first and of the girls' doubles. The crea were 3-6, 6-2.

Play in the women's Middle States ampionship resched the quarter-sals, the survivors including Missien Bennett, England; Marjorie orrill, Bostoh; Albe Frances, Or-ye, N. J.; Penelope Anderson, Rich-ond, Va., and Mrs. George W. Ightman, Boston.

MAN BOWLS TWELVE STRIKES IN A ROW

MONROVIA, Sept. 7.—Palmer Weberg, member of last year's championship Arcadia team, achieved the highest ambition of a bowler yesterday when he threw twelve straight strikes for a score of 300, the only perfect game ever rolled on the alleys. This was the fourth of a series of four games in which he averaged 330. His record-breaking performance not only set a new high score for the alley but broke his own high score of 279 which he rolled several weeks ago.

It is a rare thing that Webere

TROJANS WORK TWICE DAILY WHEN GRID SEASON STARTS

Football candidates at U.S.C. will work twice ally during the first three days of practice, acording to Howard Jones, head coach at the Troa.m. one week from today for their first practice, noming out again at 3 in the atternoon. Inas-nuch as there are no classes until Monday this schedule will also be followed Priday and Saturday. Jones wants to make the most of his time as the Trojans open the season with Occidental two weeks from Saturday. In addition the Stanopens and the Trojans will need every hour's work they can get to make things interesting for the powerful Redshirts.

RABBIT PUNCHES PAUL LOWRY

(Continued from First Page) of the National League dash. It should have been the other way around. In common with the Cubs and the Cards the Pirates will have the advantage of an athome stay at Forbes Field, their only games abroad being four with the Reds and four with the Cubs in the last few days of the season. In inclosing a clipping from a Pittsburgh paper, Mr. Clark mentions the fact that he managed a team in Pittsburgh in 1901-2-3, and got some pointers from Leever, Jess Tannehill, Deacon Phillipi and old Honns Wagner, real stars of "them good old days."

This is certainly not George Von Eim's year. He was beaten by Harry Legg, a veteran, in the national amsteur goif champion-ship, and he was whipped by Donaid Moe, a 17-year-old slip of a kid, in the California championship. Von Eim shot eighteen strokes better than Moe in the two qualifying rounds, but apparently was not so tough for the youngster in match play.

Last year when Von Eim beat Bobby Jones for the national amateur crown he was hailed as a player who gave every promise of attaining the super golf heights achieved by Jones. However, I suspect Von Eim, splendid golfer that he is, is still several versts removed from that pinnacle because he has not done what Jones did before he became a truly great—beat himself, conquered his temperament.

night fight. I have been under the impression that the fight with Monte Munn is Tuesday, and I would impress upon the good Baron that he get together with himself on names and dates and telegraph signatures. Otherwise I will suspect that constant asso-ciation with fighters and man-agers has got the Baron to bob-bing, a very reprehensible disease known to members of the pugli-istic profession. However, we shall soon know what the gentle-man from the East thinks about the Dempsey-Tunney fracas. He'll talk when he hits town.

OBSERVATIONS BILL HENRY

Southern California has at least a fifty-fifty chance of winning the national girls' tennis championship again this year. Marjorie Gladman of Santa Monica and Josephine Crookshank of Santa Ana are semifinalists and from everything that they have done so far, they are likely to meet in the finals. In that case there will be a repetition of the final round in the Southern California innior championship tournament at Midwick in which Miss Gladman was victorious after a hard battie. California girls who have pretty well commanded the eighteen and under championship for several years are Helen Wills. Helen Jacobs and Louise MacFarland, who won last year.

The United States looks like an overwhelming favorite to hold the Davis Cup, play for which starts today. But lots of things might happen. On paper, Tilden, having cleaned up on all his foreign opponents, and the French doubles teams having been bowled over by American youngsters, there doesn't appear to be a whole lot of chance that the Frenchmen will make a serious threat. However, things aren't always

Callarined \$ 1 2 2 6 Shinners of \$ 2 1 2 8 Shinners of \$ 2 1 2 8 Shinners of \$ 3 2 2 2 8 Shinners of \$ 4 1 2 8

what they seem. The Frenchmen are more auxious to win the Da-vis Cup than anything else and unless the American team is in top form there will be quite a battle. The Chicago Cubs apparently are not going to go down without a struggle after making the race in the National League for 90 per cent of the season. Having lost their lead on their recent road trip, they have at least managed to stick close to the top and now nearly everything depends on their showing at home. They have been tougher to beat than a rubber carpet in their own back yard and they may emerge from their temporary eclipse and still capture that title. We'd certainly like to see them do it after the gallant race they made of it so far.

The kids are certainly having a lot of fun with the old folks these days and not the least of their accomplishments, although it is the most recent, is the elimination of George Von Elm from the Del Monte tournament. Something is going to have to be done to make these youngsters give due respect to their elders.

Chooks and Colleges Services and the control of the services o (Continued from First Page)
innings off Tex Weathersby, but
Curt Fullerton, after hurling
shutout baseball for six rounds,
blew up in the seventh and the
Angels cracked arross four runs
to go in front. Art Wels's home
run with two on in the seventh
was the clout that put the Seraphs ahead.

ANGELS ROUT FULLERTON
The Angels added a couple more
runs to their total in the sighth, during which round Phill Mulcahy was
rushed to Fullerton's rescue, but the
three-run margin proved to be not
enough to tide Weathersby over the
ninth imning.

Weathersby walked Oscar Vitt, batting for Heath, and Sam Agnew, who
pinched for Frederick, then drove one
over the left-field bricks to reduce
the Angels' lead to one run. Tex retired Kerr and Murphy, but Frank
Shellenback, who batted for Mulcahy,
was passed, although it looked as
though Umps Casey missed a third
strike on the Hollywood spitballer.
Bouton ran for Shellenback. Gooch
singled to right and then Segrist,
batting for Lee, walked to fill the
bases. Whereupon, Weathersby was
lifted and Bruce Cunningham promptiy
cut loose with a wild pitch that
scored Bouton with the tying run and
then walked Twombly to fill the
bases. Jahn gathered in Sheehan's
long ny for the third out.

Vitt had a lot of fun readjusting his line-up for the last half
of the minth, and family settled
were necessary to close the wound.

double. Frederick tried to score on Kerr's hit and was out at the plate, Weis to Kahn to Sandberg.

The Angels opened up on Fullerion with their four-run barrage in the seventh, Schulmerich beginning the inning by walking, Kahn forced Schulmerich, but Sandberg and Weathersby singled, the latter's hit counting Kahn. Then along came Weis with his home-run drive into the bleachers and the Seraphs were leading, 4 to 3.

After Hood and Schulmerich had opened the eighth with singles and reached second and third, Mulcaby replaced Fullerton. Kahn was retired on a short fly to Sheehan, but Sandberg bunted a safe pop fly between Mulcahy and Heath to score Hood and sent Schulmerich to third. Weathersby's sacrifice fly to Sheehan brought the 215-pound Angel rookie across the plate. And that's the way things stood when the ninth inning began.

AUSTRALIAN CHAMP BEATEN BY HECTOR

Roy Moore, who just returned from a successful invasion of Austmili where he picked up the middleweigh where he picked up the middleweight, light-heavyweight and heavyweight titles of the Antipodes, was defeated by Sailor Mike Hector after ten rounds of bloody battling in the Wilmington main event last night. Hector piled up an early lead that Moore was unable to overcome with his strong finish.

In the other bouts Billy Clark decisioned Jack Mariseal in six rounds; Mickey Orosco got a lucky draw with Jimmy Pierce: Misty Gonzales defeated Walter Dugan, and Bobby Garcia won over Joe Nito.

GOLDY HESS DEFEATS LINCOLN IN MAIN GO

Goldy Hess, local 124-pounder, de feated Ralph Lincoln after six round of battling in one-half of the dou ble main event staged last night at Ocean Park. In the other half of the twin finale Scotty Inkster and Joe Arcineaga, two 140-pounders, fought

COOLIDGE'S SON ATTAINS MAJORITY

Family Celebration Held Following Which President Reviews Guard

RAPID CITL (S. D.) Sept. 7. (P)—
Spending the day at the State game
lodge, President Coolidge joined in
a birthday party for his son John, a birthday party for his son John, who was Il years of age today, and hisr inspected the soldiers who had charges of the place all summer.

The party was a dinner participated in only by Mr. and Mrs. Coollidge and John. The family spent the afternoon, which was quite warm for this season of the year, together on the front porch.

this ceases of the year, together on the front porch.

The Presidential guard, which is composed of soldiers stationed with the Pourth Cavalry at Fort Meade, B. D., received the thanks of Mr. Coolidge for their arduous labors of the summer and for the first time since entering the White House he posed for a picture with the forces who have guarded him.

Eater the President rode to the soldiers' camp, set up near by, and inspected the quarters, which included all the attributes of a regular military poet.

MIGH SCHOOLS OPEN REDONDO BEACH, Sept. 7,—The Redondo Union Righ School opened this morning with registration figures remaining the instrument of the first day of last year. Mrs. Alicen S. Hammond is principal again this year end few changes have been made in the teaching staff.

Over twenty years ago the Broderick & Bascom Rope Company established a big factory in Seattle, expressly to serve our West Coast industries economically and promptly with high grade wire ropes for all purposes; also to manufacture and deliver, on extremely short notice, special ropes for special purposes.

Broderick & Bascom play no favorites among the industries or among their own ropes.

It was for the mighty Pacific Coast logging industry that Broderick & Bascom originated the now universally used "standard construction" rope.

For the California oil fields, Broderick & Bascom developed specially constructed rotary drilling line of remark-

For the use of all industries requiring rope, abnormally strong and elastic, Broderick & Bascom produce their famous Yellow Strand, made of specially drawn, imported steel wire of highest quality.

For the contractor who wants a short length of guy line, for the deep water fisherman who needs a towing hawser, Broderick & Bascom make good guy lines and good

Distributors of B&B products, "know the ropes" of the Western industries. They will recommend the right rope for the job. They won't let you buy Yellow Strand when less powerful rope will serve; nor will they agree that there is ever any "saving" in buying any kind of rope that won't quite do the work you want it for. Consult our distributors. They are good men to know.

MALIBU

PALISADES

bu Palisades

400 Acres - 21/2 Miles of Ocean Frontage . . .

Supremely Desirable ...as a HOMESITE ...as an INVESTMENT

Ine map to understand the desirability of Malibu Palisades for seaside residence. Note the easy access over the Roosevelt Highway; 1½ hours from down-town Los Angeles; an hour from Hellywood; Beverly Hills and Santa Monics. Note the southern exposure; remember how the Malibu mountains meet the sea at Point Magu and shelter this favored spot from wind. Learn how residence here combines all the delights of seashore and mountain. Keep in mind that private bathing beach rights of Malibu Palisades are measured in miles—not feet.

Malibu Palisades are measured in miles—not leet.

AS AN INVESTMENT look again at the map. Get the fact that this 400 acres lies within 40 miles or less of a population Now of 2,000,000. Think how soon that same area will contain 4,000,000 people or more. Where will these people go for seaside homes near Los Angeles? How much of such quickly accessible, wholly desirable acresge is left? Remember that soon the Roosevelt Highway will be open and thousands of pleasure-bound motorists will be rolling through this property each day. What will that mean in increased values and possibilities from development of this property?—Hère is a seaside homesite; an investment beyond compare.

You Can Have Both - for \$2,500.00

For \$3,500.00, payable now,or on easy terms, you can buy an undivided interest in the ownership of this me nificent 400 acre property. This is in no sense on offer of participation in a real entate syndicate; it is a purchase outright ownership in the property and in all the rights and benefits of ownership. IN ADDITION each \$2,500, insere carries with it the right to select a homesite, free and clear of all incumbrance, from the first 200 acre to be subdivided; selection to be made in advance of public offering.

I do not know what the profit from this investment will be. I believe it will be large. I would like to show you the property and have you judge for yourself. Call or phone today. Only a law of these interests are available.

Woman in Woodland Train Crash Grabs Clothing as She's Thrown from Berth, but it Belongs to Man Nearby; Other Humorous Features in Smash

SAN FRANCISCO, Sept. 7. (P)—
Reminiscences of the brief dark, frightening yet humorous moments when the Southern Pacific Company's Shasta Limited sleepers were derailed north of Woodland yesterday were told by passengers today as details of the accident, in which mone was seriously hurt, were gathered for the official investigation.

Mrs. R. E. Briggs of Boston, who, with her husband, was sent to a hospital for treatment of the crash injuries, told one of the funniest stories on herself.

"I was awakened by a crash and bed tipped up at right angles," ahe said. "My first thought was for lack Ackroyd, dining-car steward, was awakened by a abower of cups, plates and silverware which were stored in racks by his bed. The utendiction of the funding on the passengers.

up mica board; the scrap is ground to a powder.

Mica to be classified as sheet must yield a rectangle of at least one and a half by two inches, must split evenly and freely, be free from cracks, rulings, or pilcations, and be reasonably free from inclusions or strains of foreign matter. In order to be profitable, a deposit should yield at least a small percentage of sheets considerably larger in size than the minimum specified.

An important use of electrical mica is for interwaving between the copper segments of commutators.

mica is for interweaving between the copper segments of commutators. Thin sheets are used in vast numbers in condensers for magnetos and wireless apparatus. As sheets in greatly diversified shapes, or as washers and tubes, mica is used extensively as an invisitor in dynamos and in various fittings or appliances in fuse baxes, scokets, insulators, electric heaters, flatirons, telephones, etc. As a heatersisting transparent medium mica is used in furnace sight-holes, stove windows, heat acreens, lamp chimneys, that nice in manufacture in the manufacture in the manufacture in motor goggles, spectacles, divers' helmets, amoke helmets, compass cards, gage fronts, and in windows steet blee in motor goggles, spectacles, divers' helmets, amoke helmets, compass cards, gage fronts, and in windows steet blee in the second control of th

formers.

Powdered mica is used in the preparation of rolled roofing and asphalt shingles, in the manufacture of wall-paper, in surfacing stucco and concrete to imitate granite, in anneal-

forms in dynames, motors and transformers.

Powdered mica is used in the preparation of rolled roofing and asphalt shingles, in the manufacture of wall-paper, in surfacing stucco and concrete to imitate granite, in annealing steel, as a component of explosives, in calico printing, in paints, as an inert filler, and as a lubricant.

ARTIFICIAL SNOW

Coarsely ground mica is used extensively for ordinamental purposes, notably for the "anow" that is so essential in the decoration of Christmas trees. Tons of it are sold for that purpose every year and smaller quantities to make all sparkly the whiskers and costumes of imnumerable Santa Clauses.

New Hampshire is now the leading producer of sheet mics in this country, occupying the position held until 1923 by North Carolina, which is still the largest producer of scrap mica. Smaller quantities are produced in Alabama, Colorado, Con-

quantities to make all aparkly the whiskers and costumes of innumerable Santa Clauses.

New Hampshire is now the leading producer of sheet mick in this country, occupying the position held until 1923 by North Carolina, which is still the largest producer of scrap mica. Smaller quantities are produced in Alabama. Colorado, Connecticut, Georgia, Idaho, Maine, Nevada, New Mexico, South Carolina, Mining mica is decidedly an uncertain business, for just when a deposit looks best it is likely to peter out. Hence large systematic development is rare. The industry as a whole is characterized by numerous small operations, many of which are worked intermitently according to the price of mica or the leisure of the owner.

Sorting, cleaning, grading, trimming and cutting of mica are necessarily hand processes, since little progress has been made in developing mechanical methods. This means that the producing localities that have abundant cheap labor have a decided advantage over those where labor is high and scarce, or relatively supply, but gave mica mining in the United States its first impetus. In this region, for many years, mica was largely used as a medium of exchange between farmers and store participated. States its first impetus. In this region, for many years, mica was largely used as a medium of exchange between farmers and store participated. Storm is such the origin of the early supply, but gave mica mining in the United States its first impetus. In this region, for many years, mica was largely used as a medium of exchange between farmers and store.

BUSINESS IN PROTEST ON RADIO PLAN

Special Attack Made on Proposal to Reduce Size of Code Words

WASHINGTON, Sept. 7. (P)—Conconted with a determined protest com many of the country's largest usiness concerns and trade associaons, a committee of government offilais appointed to consider proposed evision of foreign cable and radio significant adjourned after a short session today until the 20th inst. The revision, which is urged by a melination of foreign governments, actudes a proposed to limit the num-

combination of foreign governments, includes a proposal to limit the number of letters in code words from ten to five. The business representatives appearing before the committee to-day declared such a change will about double the cable and radio bills of American business houses, most of whom conduct their transceanic transactions by means of code messages.

These speaking for the various busness concerns also protested that hey have not had time to study the roposal, and suggested that all conideration of it at next month's raio-telegraph conference in Washingon be avoided. The committee delined to accept that proposal, but greed to the adjournment as a comromise.

Idaho Backing Borah to Run

BOISE (Idaho) Sept. 7. (P)—The Republican party of Idaho is prepared to go to the National Republican Convention to obtain the party's nomination of Senator Borah as its Presidential candidate. With President Coolidge regarded as not a candidate, John McMurray, Okaley, chairman of the State Central Committee, has called upon county chairmen to organize precinct committeemen in a campaign for "Idaho's faterior in the company of the control of the committeemen in a campaign for "Idaho's fa-

McMurray's letter to county chairmen declares Borah's "varied experience qualifies him as a fitting perconage to be added to the galaxy of
our chief executives."

"Once a State figure," the letter
continues, "Senator Borah passed on
to become a national stateman of
great magnitude and prestige. In
less than a decade he has become a
statesman of international renown,
loved and respected by the rank and
file of all nations."

WIŁCOX GIVEN JOB IN BAY CITY

Voted \$10,000 to "Expert" Street Railway

Work Similar to That Done for Council Here

Ownership by Municipality Declared Design

SAN FRANCISCO, Sept. 7. (Exclusive)—Delos P. Wilcox, referred to as a "noted traffic expert," was voted into a \$10,000 sixty-day job by the Board of Supervisors late yesterday for the purpose of conducting a complete survey of the Market Street Railway properties, to the ultimate end that they may be absorbed by the Municipal Railway system.

Council to "expert" at \$5000 a month in the Los Angeles Railway's rate hearings before the Railroad Commission. Certain members of the City Council, after the Wilcox report had been submitted, declared that any member of the Council could have done as well at far less cost.

Wilcox completed his "expert" Los Angeles report with the conclusion that the yailow lines, although losing money, would be a great success under municipal ownership, and it is considered likely that he will reach such a conclusion here at the end of his sixty-day survey; a conclusion, by the way, reached by the administration when the municipal railway system first began operation in 1912.

According to the terms of the resording the terms of the resording terms the terms of the resording t

according to the terms of the resolution adopted unanimously by the Supervisors, Wilcox is instructed to report on the present condition of the Market street lines; to examine the franchises; to compute car mileage; to make an analysis of present soutings and submit suggestions for rerouting and new connections; to study the effects of unification in relation to the 5-cent fare and to report on the valuation of the privately owned lines.

Good Will has invested this House, the West Seventh Street Shopping District as a result of the founding of this new and wholly modern Retail Street.

Good Will has come to J. W. Robinson Co. in full measure and Good Will is the motive, the theme, the prac-

tical purpose and the anticipated result of this 12-Years-on-Seventh-Street Sale.

The Sale lasts Seven Days, Tuesday Through Tuesday. Each day is a new day of new offerings, new opportunities, new Sales.

Tuesday — Wednesday — Thursday — Friday — Saturday (all day)—Monday and finally the climax on Tuesday—the last day of the Sale.

Soo Chow Rugs

MPORTED from China, Soo Chow Rugs indicate I their Oriental origin in fantastic designs and bizarre colorings. Great birds and odd flowers give them decorative value for beach or mountain homes, porches, or sun rooms.

And their colors are extremely durable and so varied that they are easily harmonized with surroundings of various sorts: Reds, green, rose, lavender, taupe, purple, yellow, gold and blue are their predominating colors.

The size is 5x7 feet. And their price in the 12-Years-on-7th-Street Sale is especially low.

SIXTH FLOOR

Numdah Rugs \$5.00; \$8.75; \$9.00

T HESE rugs are fashioned in unique manner from goats' hair, firmly matted to form a durable heavy

They are either dyed (and they take particularly lovely shades) or the grounds are bleached to an oyster white. Embroidery in colored thread takes many forms, bird and flower and tree motifs; and is done in single colors or several shades blended with true artistry.

A Message to Mortgage Investors

VERY individual and every institution buying uninsured mortgages or trust deeds for investment should give careful consideration to this question:

Are the cares and responsibilities avariably associated with this form dinvestment justified by the slightly ther interest rate which may be obtained by buying uninsured mortages instead of the Insured First fortgage Certificates issued by the lartgage Guarantee Company of Angeles—an institution with resources of more than \$55,000,000.00?

In order to arrive at a logical condusion the following factors must be uken into account:

1. Even the experienced uninured mortgage investor is required to do considerable shopping in order to find an acceptable loan. While thus searching, he is losing interest to his money.

The insured certificate investor on the other hand experiences no such interest losses. Not only can he obtain certificates immediately when wanted but also in any desired denominations. Thus his funds can be kept fully employed at all times.

2. The uninsured mortgage investor is obliged to accept the usual firee-year mortgage term, rarely knowing whether or not the mortgagor will want to renew the obligation at its maturity. If the mortgagor elects to pay off, the lender is faced with the same old problem of finding a new loan.

The insured certificate investor has the choice of two, three, four or five-year maturities and can always arrange for the immediate reinvestment of his funds upon maturity date, if he so elects.

The uninsured mortgage intor, as a rule, is not qualified to andle the various technical details addental to the execution of a propcity protected mortgage loan; nor is a uniciently versed in realty values a know with certainty as to whether a not the pledged property is adetate to insure the safety of his money. The insured certificate investor never needs to bother with technical details. All these are carefully attended to by an old, responsible and efficient organization with every facility at its command for this work, which guarantees with every dollar of its assets that the work will be properly done.

4. The uninsured mortgage investor is required constantly to supervise his loans in order to be sure that taxes, fire insurance, assessments, condemnation proceedings, municipal liens and many other things which may effect the pledged property are promptly attended to, and that the property itself is not allowed to deteriorate.

The insured certificate investor has none of these cares. All of these details are carefully supervised by this widely experienced organization, and here again he is guaranteed against loss.

5. The uninsured mortgage investor frequently is unable to collect his interest when due. This may mean serious inconvenience if he is depending upon the income to meet his current expenses.

The insured certificate investor has no such unhappy experiences. His interest is paid directly by this corporation (the third largest of its kind in the United States) promptly on due dates, and his principal also is paid when due under the guarantee of this institution.

6. The uninsured mortgage investor is always confronted by the possible necessity of foreclosure proceedings in the event of default in either interest or principal. If he does find it necessary to foreclose, the attending expenses, loss of interest, accrued taxes, attorney's fees, etc., will amount to serious proportions before he can even become the owner of the property upon which he has loaned. Moreover, it may be necessary for him to carry the real estate for years after he has acquired it, in order to get back his principal.

The insured certificate holder never faces these possibilities. His certificates are soundly secured by conservative first liens on widely diversified and improved real es-

tate. These loans are made by experts in the business who take all the necessary precautions both at the time the loan is made and during its continuance. Foreclosures or any other troubles which may arise are taken care of by ourselves, the guarantors.

These Insured First Mortgage Certificates issued by the Mortgage Guarantee Company of Los Angeles, with its fully paid-up capital of \$5,000,000.00, and its surplus and undivided profit account of \$1,750,000.00; with assets well in excess of \$55,000,000.00 and a personnel comprising many of the best known financial names in the Southwest, represent the s a fest known form of investment (i. e. conservative first liens on improved and income producing real estate) plus the elimination of the many technical details which are necessary for the individual to watch when buying an uninsured mortgage.

These Insured First Mortgage Certificates are free from all California taxes and yield 6% interest, payable quarterly or semi-annually to the purchaser by the check of this corporation. Moreover, they are issued in denomination of \$100.00 or any multiple thereof, and are registered in the names of the purchasers. They are free from market fluctuation and are obtainable in maturities of from two to five years with re-investment privileges.

Banks, insurance companies, trustees, executors and administrators, as well as many experienced and conservative individuals buy these certificates in large amounts as the highest form of investment. We know of no other investment of comparable safety yielding 6% interest and tax-free in the State of California.

Wouldn't you rather have a sure yield of 6% and a free mind than to have a theoretical yield of 7% subject to the various hazards, responsibilities and possible expenses of uninsured mortgage buying?

No matter whether you have been buying real estate, mort-gages, stocks, or bonds, we believe you will be interested in these Insured First Mortgage Certificates, and you are invited to call at this office, telephone, or mail the coupon for a copy of the descriptive booklet.

Announcing-THE NEW ZEROLENE

To the motoring public of the Pacific West the Standard Oil Company of California presents The New Zerolene, "The Standard Oil for Motor Cars."

HIS new lubricant is the latest achievement in petroleum products of the Company's research laboratories. For more than two years Company experts have striven to produce a new and better lubricant for motor cars, particularly an oil to meet the requirements of the present-day automotive engine. The experts succeeded, and have created a modern oil for modern motor cars.

The New Zerolene has been most thoroughly tested in the laboratories and in actual service. So completely does it fulfill every possible function of a lubricant that the Standard Oil Company of California, in placing this product on the market, can confidently and seriously say that "money can't buy a better oil than The New Zerolene/

There is nothing more vital to the motor car than correct lubrication. The New Zerolene furnishes this-at high speeds, at low speeds, in cold weather and hot, under light loads and heavy-under every operating condition it gives a maximum of engine protection and of efficient engine performance.

The New Zerolene is a wholly distilled oil—by Company processes which take only the highest lubricating values from the best of California crude oils. Every drop is pure lubricant.

The New Zerolene "stands up" at any engine temperature.

The New Zerolene forms no hard carbon.

The New Zerolene does not "thin out"—when the crankcase is drained it is still "live" and "oily."

The New Zerolene is economical—in initial cost and in amount consumed.

The New Zerolene is made in three grades or bodies, No. 3, No. 5 and No. 7. There is a scientifically correct grade for every type and kind of motor vehicle. The New Zerolene is available at Standard Oil Service Stations and at 15,000 dealers and Correct Lubrication Specialists on the Pacific Coast, where Standard Oil Correct Lubrication Charts indicate which grade of oil each type and model of car requires.

Zerolene "F" for Fords, an oil especially manufactured to meet the demands of the Model T Ford, remains unchanged.

MONEY CAN'T BUY BETTER OIL

FINANCIAL INDEX

dustrial department of the Los Angeles here.

The market advanced about 10 points on the average from yesterday's closing on some belated speculative and trade buying from eleventh-hour bulls. It brought October up to 22.70. December 22.95, January 22.98, March 23.17 and May 23 cents, after this there was a raily which carried prices back in the late trading to their closing of yesterday.

At Liverpool of New Orleans as well department of the Los Angeles Bank Credit Men's Association, the regular monthly meeting of the Los Angeles Bank Credit Men's Association to be held this evening at the Close of 194 for the new \$25 par value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increased \$49 points, or 10.2 per value stock, the shares are selling at the equivalent of 776, an increase of \$210 and on the basis of Tuesday's and the value stock, t

The average guess of eighty-eight parties are members of the New York Cotton Exchange on tomorrow's government report is for a crop of 13,-900,000 bales. The great majority here and in the South have never actually expected it would be smaller than that of around 12,800,000 bales. The average of fifteen private crop reports issued the past week is for a condition of 58 per cent and a crop of a little under 13,200,000 bales. The same reports showed an average a month ago of 72.7 per cent and a crop of 14,600,000 bales, whereas the government crop report made the condition for August 68.4 per cent and the indicated crop 13,492,000 bales without linters.

London Daily Radio

Government refunding plans were well received today by a firm giltedged market, and the conversion loan was unaffected by the prospect of a further increase in the amount. The 4½ per cent bonds were offered for cash tenders at a minimum of 99.3 and are callable by holders each such design and are callable by holders each such buying orders were being met by professional offerings.

BUY DINUBA HOTEL

year from 1929 to 1934 on twelve months' notice.

Similar bonds are quoted at 99 5-8.

Markets were generally cheerful today with a fresh rise in industrials to set it off. Celanese and Courtaulds were strong as were Dunlops. British American Tobacces opened firm following last night's improvement, but eased slightly toward noon.

Although government stocks falled to hold at the top prices, they closed above yesterday's final quotations, especially the 4 per cent consols. The market had not looked for any turther funding operation to involve a further issue of this stock.

The new Treasury issue probably will be well supported by banks and other holders of maturing bonds, as it gives more than 5 per cent for sixteen months.

Artificial silk shares maintained their streactin School and the stream of the

it gives more than 5 per cent for six-teen months.

Artificial silk shares maintained their strength. Snia Viscos rising sharply. Peninsula original preferred ruled easier on the new issue. Cam-mei Laird directors decided not to pay an interim dividend on either the ordinary or preference shares. Divi-dends on the latter are in arrears from June 1926. The last balance sheet showed small current assets.

Practical Ways of Investing in Home Ownership, Savings Accounts, Life Insurance, and Dependable

98-WHY SECURITIES NEED WATCHING

Changing demands and improved manufacture has brought about processes, the regults of social progcess, are constant factors which imperil all industries and make the

peril all industries and make the science, of investing increasingly complex. In 1904, for example, the carriage industry was well established and prosperous. In that year nearly 1,000,000 carriages and buggies were manufactured and sold. Last year less than 35,000 were produced.

As astounding and revolutionary as have been the changes in the past quarter-century, it is not unlikely that the next twenty-five years will see even greater and more rapid changes. It is only recently that chemistry found a place in industry, yet in a few years it has given us hundreds of new products and hundreds of new processes. More, it has opened up a wide field of seemingly inexhaustible possibilities. Again, a more general use of machinery in

SANTA BARBARA

Is The Saturation Point in Sight For The Utilities?

During the last twenty years electric power consumption in the United States increased from five billion to 68 billion kilowatt hours.

1,000,000 people now own utility securities and over 71/2 billion dollars is invested in the electric industry alone.

% of our railroad mileage is only 8% of American farms and: only 58% of the population country live in electrically

For further facts and figures on this great industry read "The Strength of the Util-ities," a feature article in this month's edition of our investment magazine "Coupon Clippings." We will gladly mail it to you every month, without obligation. Send

WOMAN DIES WITH GAS TUBE IN MOUTH

J. T. Hollster of 11346 1-2 Compaton svenus, Lankershim, returned home last night and found the body of his aunt, Mrs. Elisabeth Hatfield, 68 years of age, on the kitchen floor. She had covered her head with a blanket and thrust a gas tube into her mouth. Mrs. Hatfield left three notes, in none of which did she give any reason for suicide. Detective Lieutenant Berger says he learned she had been ill several years. Besides her nephew, she leaves a brother in Greentown, lind.

Summerfield Returns Home From Hospital

Superior Judge J. W. Summerfield is being treated at his home for a chronic heart and kidney iliness which kept him confined up to yesterday in the Glendale Banatorium and Hospital since August 29.

The judge's condition, it was announced by Dr. Phillip Newmark last night, remains the same. His removal from the hospital yesterday followed tesia and a diagnoses which revealed Judge Summerfield's condition to be a result of overwork. All that could be done in the hospital for his recovery has been completed and he will be under the care of two nurses, his physician said.

Rifle Victory

CAMP PERRY (O.) Sept. 7. (P)— Lieut. L. A. Hohn, United States marine corps, Custer, O., won the

NEW YCRK, Sept. 7. (P)—Stanislans Loayza, Chilean lightweight, fought a ten-round draw with Bruce Flowers of New York at Ebbets Fleid. Brooklyn, tonight. Loayza weighed, 138½ pounds and Flowers 134 3-4. At the start Flowers was in distress, but he fought his way to the bell and in the second round came back stronger. Flowers was down twice in the second round but never for a count.

Tommy Cello, California, won the decision over Pal Moran, New Creleans, in ten rounds. Moran took a great deal of punishment, Cello jabbing him and sending hard right crosses to head time and again. In the ninth Moran was in distress at the bell and grogy all through the tenth, staggering from rights to the head that almost sent him to the canvas twice.

Los Angeles and to detemine whether or not the major-traffic-plan program will result in too great a tax burden was ordered last night unanimously by members of the Affiliated Improvement Associations of Los Angeles at a meeting in the Chamber of Commerce Building.

The resolution was the result of protracted arguments between various members of the association on the policy of obtaining public improvements by utilizing the special-assessment plan.

Charges that the entire City Council stands committed to the major-traffic plan were met with threats of recall movements should Councilment continue to back the plan in the face of adverse findings by the proposed committee.

The association, which represents Teeth as Low as \$5. Best Set \$7

BLOOMS JACOBSON JURY MOSTLY WOMEN

> Nine Tentatively Chosen to Try Councilman

One Collapses While Being Given Questions

Mrs. Grimes Will "Tell All;" Keyes Assailed

A jury comprised almost entirely of women will hear the evidence in the case of Councilman Carl I. Jacobson, accused on a morals charge as a result of a raid at 4372 Beagle street where he was arrested in company with Mrs. Callie Grimes on August 5, last, according to indications in Municipal Judge Willis's court late yesterday where the panel is being selected for the trial.

peremptory challenges nine women and three men were in the jury box when court adjourned. The session will be resumed at 10 a.m. today and the panel is expected by court at-taches to be completed during the WOMAN COLLAPSES

WIFE WITH HIM

quadron.

cer's leave of absence expanded to court again by his wife. She ast inside the courtroom railground will be tendered a recepin Diego tonight.

WILLIAMSON'S

ESTATE \$350,000

WIFE WITH HIM

Councilman Jacobson was accompanied to court again by his wife. She ast inside the courtroom railing with him and appeared wan and tired as the monotonous questioning of the defense and prosecution counsel dronged through the day. The Councilman was intently interested in the proceedings.

Immediately after the opening of court, Attorney Hitton launched a lengthy hypathetical question to a

An estate worth \$350,000 was left by Albert W. Williamson of Hollywood, who died May 22, last, according to a petition for letters of administration filed yesterday by Attorneys Faries and Williamson in behalf of Fred W. Williamson, son of the decedent. Included in the estate is personalty worth \$90,000, the petition recites. The annual income is estimated at \$11,500. The heirstation of the prospective talesmen irritated the court and Judge Williamson, widow, 7357 Hollywood Boulevard, the petitioner; Alberta Williamson, a daughter, and Mrs. E. E. Ford, a sister.

TRADE OPPORTUNITY CITED

Commissioner Points to Riches of Central America and Urges United States Develop Them

Pacific Coast commercial interests are overlooking one of the greatest opportunities for the development of foreign trade in Central America, according to George Peck, United States Trade Commissioner for Central America, who arrived at the port yesterday aboard the Panama Mail liner Colombia, en route to Victoria to attend the Pacific Poreign Trade Council. "Potentially, Central America is associatedly. We must meet those rich in mineral, and agricultural wealth as any section of the North American continent," said Mr. Peck. "Our aid in the development of Central American industry will creviate and railroads. If Pacific Coast interests would assist in the financing of these road-building projects, our trade with Central America would double in an incredibly short time.

EUROPE AFTEE TRADE

"Today, 62 per cent of Central America's imports come from the

SERVICE AT STUDIO WILL PAY TRIBUTE

Film Executives, Actors and Workers Plan Honor to Loew's Memory

At the moment the body of Marcus Loew, film magnate, is lowered into its grave in Maimodides Cemetery, Cypress Hills, N. Y., funeral services will be conducted today at 10 s.m. at the Metro-Goldwyn-Mayer studio in Culver City, Mr. Loew died Monday morning at his home in Long Island.

Fifteen hundred employees of the studio of which he was president among others, will assemble on the lawn and participate in the services, which will be conducted by Rabbit Edgar F. Magnin, pastor of the Templi Brau Brith here, where the

ives, which will be conducted by Rabbi Edgar F. Magnin, pastor of the Tempi is Phau Erith here, where the film magnate attended services during his annual visits to Los Angeles.

Opening with the reading of the Twenty-third Psalm, the services will continue with an address by Dr. A. H. Gianinni, president of the East River National Bank of New York, a friend of Mr. Loew. The Hollywood Stringed Quartet will sing Tschalkowski's Andante Cantabile to be-followed by Dr. Magnin's funeral address and eulogy.

The services vill be brought to a tlose by prayer, the lowering of the American fla; to half-mast and the singing of "Leed Kindly Lught." by

american fia; to hair-mast and the singing of "Lead Kindly Light," by executives, employees and players.

A five-minute period of slience will be observed throughout the film industry as tribute to Mr. Loew's memory. Buglers will blow taps at all studies. The period of slience also will be observed in film exchanges and other branches of the industry. Theaters will bonduct brief memorial services about 3 o'clock. Marcus Loew's favorite hymn, "Lead Kindly Light," will be played by orchestras and organs. She Hillstreet, Opheum and Palace Theaters will be closed until 2 o'clock. West Coast theaters will open at 1:30 and conduct service abortly thereafter.

RESOLUTION PASSED

A resolution was based that the committees are to consult with sooth authorized representatives of stockholders as are available. The committees are to report back to the board of directors in two weeks. While the rehabilitation plan was going forward, trial of nine asserted "wilful conspirators" indicated in the Julian stock overissue case was postponed from today until next Monday by Superior Judge Stephens.

Although Judge Stephens indicates that he will not grant another continuance unless very good reasons were advanced, it was learned yesterday that defense attorneys probably would ask that the trials be put over for at least two weeks on the ground that they had not time to adequately prepare for trial.

SANATORIUM PATIENTS ROBBED That about \$2000 worth of jewelry has been stolen from trunks of patients in the Wildwood Sanatorium, near Newhall, was reported to the Sheriff's office yesterday by Mrs. M.

C. Shaver, proprietor of the place. Deputy sheriffs were assigned to insessingate the case.

Dead in Garage at San Marino

John H. Caswell, 24 years of age, of 1154 Jefferson street, Huntington, Ind., was found dead yesterday in his garage at Duarte Road and Hilliard street, San Marino, according to a repost to the Sheriff's office. Deputy sheriffs who investigated reported they believe the man went to sleep in his car, left it running and died from carbon monoxide gas caused by the exhaust.

Discovery of the body was reported to Constable Parker by two women who were inspecting the house and garage with the intention of renting the place. The motor switch was on, but the battery was dead and the gasoline exhausted. The body was taken to the mortuary of Uter & Son, Albambra. An autopsy will be performed, it is stated.

SIGN CON CRYPE TESTIMONIAL A shrewd political boss, desirous clinching his hold upon a California co munity by perpetuating in office the job-holders who do his bidding, could hardly do better than to have invoked against them

that remarkable legislative abortion knows as the California recall law. In the absence of some outstanding, in-colerable offense on the part of the official whose recall is sought, the cards are stacked in advance in his favor and the result, nine cases out of ten, is a "triumphant vindication" for him. He wins the election with comparative ease, the votes against him being split among all the rest of the candidates, and thereafte

has a tighter grip on the office than ever. Consider the case of the recall movemen now under way against Mayor Cryer. It was launched some weeks ago by a former woman member of a city commission, one who apparently had had exceptional opportunities for observing the extraordinary absence of necessary qualifications on the part of the city's chief executive. Some of the more striking of the Cryer short-comings are pithily set forth in the petitions

She appears to be having no difficulty in getting signatures. About 20,000 are reported to have signed already and the sponsor says that the complete document will have 50,000 electors names on it. Only out 32,000 are necessary for a recall elec-

tion.

If the petition, when filed, is found to have the requisite number of qualified names, it becomes mandatory upon the Council to call the election for a date within sixty days of the filing. This would mean that probably some time in November the voters of Los Angeles will be given a

chance to go to the polls and vote either to retain George E. Cryer as Mayor or to elect someone else in his place.

The election will east over \$100,000, which will be paid out of the public treasiny. That sam is not too much to pay for getting a good Mayor or even for getting rid of a poor one—if it worked that

NATURAL RESOURCES BY LANNIE HAYNES MARTIN

In an article, "What Is Going to Happen to America?" Dr. J. R. Smith declares "We should remem-

the adulterous divorce between science and religion," and who knows but man may be taught faith through the kindergarten blocks of material atoms and that a realization of the infinite supply of natural resources will teach him sub-lime confidence in the divine plan of aniri conservation. of spirit conservation.

INQUIRY Brave flowers you, too, Earth roots must sunder When brief summer's through.

wonder Do you blossom sweeter
That you never know
Winters cold and snow.
GRACE FRYE.

It is often suggested that are slowly dying out in consec of the tramendous increase in are slowly dying out in consequence of the tramendous increase in motor transport. But there is at least one European country where "horsey" (in the words of a once popular ditty) is "keeping his tail up" most valiantly. A French journalist has been gathering statistics about the number of horses and motor cars in France, and the results of his inquiry should fill every horse with honest pride. In 1899, when the reign of the automobile was beginning, it appears that France possessed 1872 motor cars and 2,517,000 horses. By 1925 the number of cars had risen to 731,305, but horses had only fallen to 2,880,000; and even this reduction was entirply attributable to only fallen to 2,880,000; and even this reduction was entirply attributable to the war, which brought the number down to 2,838,000 in 1920. Since 1920, indeed, the number of horses has been steadily increasing each year, and there is every hope that they will soon get back to their 1900 figure. The worthy animal positively thrives on competition.

SEASON AT **BOWL PAYS** FOR ITSELF

> Officers in Charge of Summer Concerts Elated at Financial Profit

That the 1927 season of summ concerts in Hollywod Bowl paid for themselves without donations with a margin of approximately \$3000 be-

themselves without donations with a margin of approximately \$3000 became known yesterday through an announcement made by President Allele C. Balch of the Bowl Association.

"All the directors and myself are elated over the success of the current season." said Balch. Pinancially and artistically it has been most gratifying, and great credit is reflected on the ability of Mrs. Leiland Atherton Irish, general chairman of the concert committees, and Raymond Brite, manager of the Bowl."

President Balch also announced that Mrs. Irish and Mr. Brite had been reappointed for their respective positions for the 1928 season.

Raymond Brite leaves in a few weeks for New York to enjage conductors and soloists for next year. He sails on the steamship Venezuela taking a cruise of twenty-seven days as his vacation, stopping at seven ports in Mexico, Central America, the Canal Zone and Cuba en route to New York. He will return to his office in Hollywood early in December.

UNIVERSITY OFFERS NEW **NIGHT WORK**

Oil Geology, Entomology and Dietetics Featured at U.S.C. Branch

Community demand for specific instruction has dictated in part the schedule of night college courses announced for the 1937 fall quarter of university college, opening the 19th inst, the evening branch of the University of Southern California.

Night courses are given in petroleum geology, economic entomology, covering the chief economic insects in relation to orchards and gardens.

Dietitians are offered an evening course in physiological chemistry.

Real-estate salesmen, brokers and investors may take practical night courses including appraising, real-estate law, real-estate finance, land economics and real-estate conveyancing.

When the new baby arrives he meeds a rubbing with warm olive oil or some bland warmed oil in order to free him from his tenacious covering. After that he should have adaly warm apongs bath, though the tubbing abould not be wet and if he is dipped into the tub it takes an expert to prevent this happening. The second day prepare a tub of warm water. Put the baby on a table, padded with a blanket and keep him covered as he is being bathed.

Wash his face with clear water and where and wipe dry. Now take two wings of cotton and oil the nose. This will there water and the list water (one tesapon to a pint) or in bords coil of water (same proportions.) clean tach eye. If there is any discharge in the eye be sure and tell the doctor and set him pitain sait water (one tesapon to a pint) or in bords coil or according to the country of the tesapor of cotton and oil the nose. This will remove the crusts without trouble and babies do hate having their noses dug into with toothpicks.

Wise outlaid for paving the wide clear water and wipe dry. Now take two wings of cotton and oil the nose. This will remove the crusts without trouble and babies do hate having their nose dug into with toothpicks.

Wise outlaid for paving the wide complete the work in the country but it will be the last to be more different and wipe dry. Now take two wings of cotton and oil the nose. This will remove the crusts without trouble and babies do hate having their nose dug into with toothpicks.

Wise outlaid for paving the wide the work for \$32,011.44. The form first the will be used to be wisted in seventh into eventh for the paving for the country but it will be be seven for \$32,0

THE CHEDDAR process by which Tillamook cheese is made, originated in the little village of Cheddar, England. Its real choose flavor has never been improved upon. Tillamook brings you in every pound the full rich creaminess of five quarts of whole milk. Bite into a big generous slice-no after-taste. Only the flavor of real cheese. That's why youngsters and grown-ups like Tillamook mildness.

Only Tillamook, famed cheese of the West, ne on every slice and loaf. Tillamook County Creamery Association, Tillamook, Oregon. Twenty-three cheese kitchens owned and operated cooperatively by the dairymen of Tillamook County.

Tillamook Cheese Croquettes

Take the inside of 5 medium shed baked potatoes while real hot and mix with ½ lb. of Tillamook cheese into a smooth paste. Add a little salt and papriks, Roll into pear shaped croquettes (this ought to make 6), dip in milk, egg and cracker crumbs and fry in deep fat or lard until they are a nice brown. Serve with cream sauce or bacon. Chef Georges Kutsch, Mulmomak Hotel, Portland, Oregon.

Ballet Artist and Troupe Glendale Man Says Son, Planning Tour Following Latter's Wife and Baby Appearance Here May be Gang Victims

The appearance of Serge Oukrain-aky at the head of his ballet with the Los Angeles Grand Opera in Oc-tober will be his last participation with any organization other than his own, according to the dancer, who arrived in Los Angeles yesterday from the East. An entire family was reported to the Sheriff's office yesterday as missing since Saturday, by Abe Kennedy, 702 East Colorado Kennedy, 702 East Colorado street, Glendale.

Mr. Kennedy reported that his son, L. A. Kennedy, 24 years of age, his daughter-in-law. Mrs. May Kennedy and his grand-child, Joe Kennedy, left their home at 550 East Sixth street, Burbank. Saturday, and have not been heard from since. He fears foul play and asks that the Sheriff's office investigate, which is being done. The father said that his son has been threatened by bootleggers and he fears the family has fallen victim to some gang.

arrived in Los Angeles yesterday from
the East.

"At the conclusion of our engagement with the Los Angeles Grand
Opers Association Mr. Pavely and myself, as well as our personnel, will
withdraw from all other organizations to devote ourselves to our own
touring attractions. Our ballets will
tour in this country, Europe and in
South America," states Oukrainsky.

Both Pavely and Oukrainsky for
several seasons have been the directors of the ballet of the Chicago
Civic Opera Company. Los Angeles
is to see their ballet in their last
operatic performance which will include not only Oukrainsky and three
sole dancers, but a complete corps de
ballet of twenty-four girls. CYCLE SALE

Phones Gain

During the first six months of 1927

Death Penalty in Culver City Demanded for Arcadia Crime

During the first six months of 1927
Culver City gained 285 telephones, placing that municipality ninth among the 180-odd communities on the Pacific Coast having exchanges with 400 subscribers or more. The figures are given by William Edwards, district manager of the Southern California Telephone Company. A total of 2313 telephones are served by the exchange at Culver City. The gain in telephones is regarded by the Culver City Chamber of Commerce as additional evidence of the rapid growth of the city, also indicated by a gain of more than \$10,000 in building permits last month over August of last year.

Diamonds mined in South Africa last year had a total weight of 3,217,-966 carats.

NEWS OF SOUTHERN COUNTIES:

Recall

SANTA BARBARA, Sept. 7.—Mrs. Hattle Rowerton and her son, Edwin Charles Taw, 19 years of age, both of Lompoc, stood before the bar of fustice here this atternoon, but not to face a charge of child stealing, for which both were arrested in Los Angeles on the 1st inst.

Instead, young Yaw was married to Ethelyn Frances Simma, 16, also of Lompoc, asserted victim of the kidnaping, while Ethelyn's mother, Mrs. Anna Miller, of Lompoc, complaining witness, looked on.

Young Yaw and his mother were asserted to have taken the Simms girl from her Lompoc home to Los Angeles by trickery and Mrs. Miller promptly secured a complaint charging the pair with kidnaping. They were returned to Lompoc a week ago and with the marriage of the couple today the complaint was forgotten.

VENTURA, Sept. 7.—Ventura coun VENTURA, Sept. 7,—Ventura country's proposed junior college was temporarily defeated by the Board of Supervisors when a motion to call a special election on November 18 to decide the matter failed for want of a COURT ACTION STOPPED

cide the matter failed for want of a second.

Members of the committee which has been pushing the matter appeared before the board with F. L. Fairbanks of Fillmore, chairman, who led in the request for the election.

There will have to be a vote on the question by November of 1928 as required by law because of the petitions which have been submitted.

"I don't want to be understood as opposing the college," said Mr. Gablert, "but I don't think that now is the time to vote on it."

POMONA BANKER

SERIOUSLY ILL POMONA. Sept. 7.—Suffering from heart trouble, Charles M. Stone, ploneer banker of this city and president of the First National Bank of Pomona, lies in a critical condition at his home, 165 East Holt avenue.

Prominent in civic affairs and active in the affairs of the institution of which he has been president for many years, Mr. Stone's liliness has caused no little concern in business and civic circles here where his influence and advice have been sought. The family, consisting of his wife, two sons and one daughter, are in constant attendance at Mr. Stone's bedside, while a host of friends and acquaintances anxiously await the outcome of his tillness.

HUGGLES TO REMAIN

AT UNIVERSAL CITY

Wesley Ruggles will remain with Universal in a directorial capacity for some time to come, due to renewal of his contract by officials of the company.

At the same time, Universal announces that Ruggles will again direct Laura La Flante, following that star's completion of her present picture under William Seiter. The Ruggles-La Flante forthcoming vehicle is to be "Finders Keepers."

An original story, by Ruggles, as yet untitled, has been definitely accepted and is to be produced by him immediately following completion of "Finders Keepers."

PAINTED FROM LIFE While all of his characterizations are undisputedly painted with a broad brush, "Chic" Sale, one of the "Gay Paree" stars, claims that all of his types have been taken from real life. His Eagle Eyed Elmer in the coming revue was the cause of Sale failing to collect a goodly sum for a grade-crossing secident. The comedian "god even" by putting the negligent crossing guardian behind the footlights. Sale and his troupe will appear at the Biltmore for two weeks

FOR VARIETY'S SAKE Gladys Brockwell alternates between wry good and very bad characters. Right now she is playing the mother—a very good character, in John Gilbert's Metro-Coldwyn-Mayer vehicle, "Fires of Youth." She played the bad wife in "Stella Maris"—and the good mother in "The Runchback of Notre Dame."

Grade Lowering Protestants Tentatively Agree

Council Urged to Put Off Its **Proposed Hearing**

Board of Appraisers Sought to Settle Affair

meeting at the clark at which protestants against the improvement reached a tentative agreement through the Developers' Association of Los Angeles and the special City Council committee in charge of the plan. One of the principal recommendations toward a sacedy settlement of differences is that the scheduled hearing of the City Council today on the matter of assessments in the district be postponed for two weeks.

BOARD URGED

This recommendation was made to the special Council committee in order that any increase in assessments on account of allowances to tenants may be confined to the section lying between Figueros and Lucas streets, where the actual cut is to be made. It also was proposed that the two committees representing the Council and the property owners should agree on a board of appraisers to adjust claims for tenants and other unsettled claims by owners.

Yesterday's meeting was attended by members of the Council's special committee, representatives of the City Engineer's office and a large number of proponents of the project. The bulk of the meeting was made up of protestants against the cut who have been in opposition chiefly because they feel they have not been dealt with equitably in the swards of damages and assessments levied by the Board of Fublic Works.

DAMAGES HELD UP BOARD URGED

DAMAGES HELD UP

Owing to the confusing interpretation of the 1913 act under which this improvement has been carried forward, it was pointed out at the meeting, the Board of Public Works has not yet allowed damages to tenants. Councilman Hall, chairman of the special Council committee, spoke briefly on a plan which it is hoped will provide for such claims. Deputy City Attorney Whitehead also spoke on the matter, while John A. Quinn, representing the Developers' Association, told of the conferences under way between the Council committee and the City Attorney's office toward a settlement.

It was revealed yesterday that about 80 per cent of the affected section has agreed to be bound by the recommendations and decisions of the Seventh-street Grade-Lowering Committee and the Grade-Lowering Committee

Breakfast Club. Walter Leopold has arranged a special program.

Judge Georgis Bullock will be another guest at the breakfast. Art Goebel, trans-Pacific flyer, promises to attend the program, and Richard Arlen and his wife, Pobyna Balton, film players, also are expected to be present.

L'AULTY BRAKES MOTOR JINX

Officer in Talk at KHJ mes Them for Most of Auto Crashes

Data on accidents compiled by experts show that 80 per cent of all automobile accicent of all automobile acci-dents are due to faulty brakes, Sergt. E. L. Johnson of the po-lice bureau of public safety declared over KHJ yesterday.

"To. Special Committee Received Bos Consett Special Consett Would learn of her unfaintfulness and kill her."

"Dr. Special Committee Received by Mrs. Irene Gonsett.

"Your husband will never discover our relationship, for I am slowly poisoning htm." Mrs. Gonsett declared by Robert Baker, coording to an announcement to-

Proprietor of Hotel Faced by Slavery Charge

proprietor of a hotel on West Second street, was arrested by Detective Lieutenants Lloyd and McCarron yesterday and booked on a charge of suspicion of white slavery. He is said to have detained Mrs. Buth Phillips, 26 years of age, in his hotel for six days, after she was brought here from Denver.

According to the story told police by Mrs. Phillips and Ralph Jensen, a guest of the hotel, the woman was kept in the place under the influence of liquor and drugs. She was turned over to Mrs. Minnie Barton, probation officer, who is taking care of her pending further police action.

Police Chief's

Pistol Stolen

declared over KHJ yesterday.

Many owners neglect to have their brakes adjusted and inspected at regular intervals, he said, which fa just as vital as being certain that there is enough lubricating oil in the motor.

Some traffic men estimate that three-fourths of all fatal automobile amash-ups could be prevented by the exercise of care in the use of brakes. At least once a month both foot and emergency brakes should be examined and corrected if not in good working order.

At the preliminary hearing of Prank B. Mayers and Earl Morris yesterday before Municipal Judge Westover on several counts of burglary and robsery, it was revealed that the youths heaped insult on injury after robbling the police department's areenal at Eiysian Park by stealing the police domainsoner Webster.

Dep. Dist.-Atty Heinecke charged that the youths learned of the department's ammunition-storing place while serving as trusties at the Lincoin Heights Jail.

Judge Westover held both defendants to answer to the Superior Court for trial. He fixed Morris's bail at 33000 and Mayers's at \$1500.

The youths also are charged with the theft of an automobile owned by C. T. Gibb of \$15 West Sixth

More -Than Just "Pure" Water

Is Necessary for Health. - The Kind You Drink Should Pass Three Simple Tests

MANY drinking waters are pure but not always healthful. Nature demands two other requirements of water besides purity. And second, the water you drink should be "good to taste."

Remember these simple tests when choosing a water:

1. Purity,

v 2. Minerals,

v 3. "Good to taste." They are your surety of good

health — your protection against less healthful kinds! Arrowhead Spring Water conforms with these standards. Each bottle is certified naturally pure by Los Angeles chemists. Also, this famous water contains 7 grains of natural mineral salts to the gallon—a feature that causes hundreds of physicians to recommend Ar-

But best of all, Arrowhead Spring Water is "good to taste"—not flat or artificial like some waters. This means that you will drink more of it and so get

order a bottle of Arrowhead today. It costs but 50 cents for 5 gallons—stand and cooler free. Thus for less than a penny per glass we deliver this

(By Her Veul. Be Employer)

She is punctual; I know that if
the janitor should fall to open the
office some morning, she would break
the door in so as to greet the first
customer.

She dresses neatly and enough;
there is that about her which draws
a little higher price from a male purchaser, and which is definitely attractive to women shoppers.

She is by no means a dry and inhuman machine, but she knows the
price of everything in the store, from
vacuum cleaners to my company
cigars and liquor.

EGION MAY COME HERE Will Seek 1930 Meeting

IDAY MORNING,

The Bellamy Tria By Frances Noyes Hart

By Joseph Hergesheimer

The picturesque old city of the clippership days is the scene of this story; but the story itself is as old as human nature and as modern as jazz, for it deals with the revolt of youth against things as they area Nicholas Elliset, mixture of Puritan and Cavalier, successful as a merchant, and wanderer of the Seven Seas, has a problem in his son Ambrose, who has decided to seek self-expression in a radical colony. How he meets the situation is the base of Mr. Hergesheimer's fascinating story of Boston in the '40's.

breaking men's hearts. For the eight days of trial, and the eight installments of the serial witnesses give their testimony as to the leading up to the tragedy in the gardener's co that fateful June night, and you will be non a solution of the mystery at the end of the sev day than you were at the beginning of the

A story that will wring your heart one ment and make you smile the next, but that hold you from the first line to the last.

The Comeback of Euro By Isaac F. Marcosson

Optimism is the keynote of this first article in Mr. Marcosson's a three months' investigation, during which he interviewed, among o masterful Mussolini, Poincaré, hero of the Battle of the Franc, the dynamic and aggressive Chancellor of Germany, and J. H. Tho Leader of Great Britain, Mr. Marcosson reports that at no time Armistice has Europe been so nearly back to normal as she is today.

Allies in the common cause of making the world safe for b nations of the Old World are tending to develop a new psychology of tion to take the place of old jealousies and rivalries.

The second article will deal with Great Britain.

West and the same state of the
